HOLMES ONCIDIUM

"The Dancing Girl Orchid"

\$3.40 up

Oncidiums are the gayest of all Orchids, and prove it with their abundant blooming and bright buttery yellow colors! Nick-named "dancing girls," they look the part—slim-waisted, with huge billowing skirts and multi-colored covering for their arms and heads. One of the most interesting and fascinating of all Orchids. Include them when you buy!

ONCIDIUM Cebolleta. Flowers from February to April. Orchids are 1 to 2 inches in size, borne on 2-ft. spikes. Lasts long, easy sure growing. Blooming size **\$4.40** up.

ONCIDIUM Variable. Multi-colored; rust-orange, purplish mauve, chestnut browns. Spring blooming. Blooming size **\$5.40, \$7.40** up.

ONCIDIUM Lanceanum. Produce sensation scented large flowers on long tall spikes. The flowers are very interesting and are rich rose and dark brown. The large grotesque leaves are extremely interesting being highly spotted and the roots produced in thick masses add still another interesting touch. We find them ideal for trees, slab mountings and baskets. They do quite well in almost full sun. Good strong plants, 3, 4 and 5 years old. Some will bloom in 1 and 2 years. Choice sizes sooner.

Small sizes **\$1.90, \$2.40**
 Medium sizes strong plants **\$2.90, \$3.40, \$3.90** up.
 Choice sizes strong plants **\$6.40 to \$9.90** up.

ONCIDIUM Sphacelatum. Our most prolific variety. Sometimes one specimen with two to ten spikes produces several hundred blooms in a season. Grows equally well in half sun. We've priced this variety especially low. Be sure to try it.

Small plants **\$3.90 to \$4.90**
 Large plants **\$7.40, \$9.90, \$14.90** up.

CHYSIS BRACTESCENS

The truly tropical-looking Orchid! Its heavy-textured white blooms are fragrant, range 2 to 4 in. in size. Everything you could want in any Orchid. But Chysis gives you more — grows huge pseudobulbs from its base—spindle shaped and about one foot long. Nothing is more interesting in baskets, on trees or mountings.

Amaze your Garden with HOLMES Astounding New FLYING BIRD OF PARADISE

● Flowers High Above Plant!

● Does Not "Nest" in Foliage!

Now, with the advent of Holmes FLYING BIRD OF PARADISE, this exotically brilliant flower is the most gorgeous living outdoor bouquet you've ever seen! For the first time, its Glittering Blue and Flaming Orange blooms "fly" high above its foliage for all to see and enjoy — instead of "nesting" down in the plant like most former kinds. Yes, literally "fly" — beckoning, soaring, swinging on longest, tallest stems ever seen!

And not just one or two huge blooms — each one larger than your hand! — but up to a dozen and more on mature plants. Imagine the beauty, the thrill, every time you glimpse it.

This rare treat can be yours only at Holmes Nursery, Holmes found this rare new tall-stemmed "flying" variety in just one place in Hawaii last year—bought up all available young plants, seeds.

This new FLYING BIRD OF PARADISE thrives in our nursery gardens. Will bloom from April 'til end of January. Think of it! Blooms to dominate all your bouquets — blooms that last a month. Special introductory prices:
